SUMMARY

A motivated and detail-oriented Computer Science Engineering student with a solid foundation in software development and proficiency in MERN stack technology (MongoDB, Express.js, React, Node.js). Currently interning at Digicoder's, where I am applying my knowledge in full-stack web development, creating dynamic, scalable web applications, and improving the user experience. Eager to continue learning and contributing to innovative projects while leveraging both my academic learning and internship experience.

PROFESSIONAL EXPERIENCE

Internship

Digi Coder's PVT LTD | 15 july - Present

- Currently interning at Digi Coders Pvt. Ltd., Lucknow, where I have been honing my skills in building dynamic, scalable, and responsive web applications using the MERN stack (MongoDB, Express.js, React, Node.js). Passionate about coding and eager to leverage academic knowledge and internship experience to contribute to innovative projects and solutions in the tech industry.

Projects

Mega Projects
- Responsive Chat App
  Developed a feature-rich chat application using the complete MERN stack. This Chat App is responsive for all screen size.

- Book Store
  Designed and developed a dynamic book store web application using the MERN stack.

Mini Projects
- Amazon Frontend Clone
- Shoes webSite
- Mini Music Player
  (I have used only HTML, CSS, JavaScript and Tailwind in my mini projects.)

Languages

- Hindi
- English
